"Not now, but in the coming years,  
 It may be in the better land,  
 We'll read the meaning of our tears  
 And there, sometime, we'll understand.  
 God knows the way, He holds the key,  
 He guides us with unerring hand.  
 Sometime with tearless eyes we'll see,  
 Yes, there, up there, we'll understand."

Steve in Barber's Chair — "You ought to  
 cut my hair cheaper; there is very little to  
 cut."

Barber — "Oh, no. In your case we don't  
 charge for cutting the hair — we charge for  
 having to search for it."

## WORK WANTED

Many members of Boston Commandery  
 are out of employment. Many of our mem-  
 bers, who hire help, may need extra help this  
 spring. Please remember Your Fraters in  
 Boston Commandery. The Commander or  
 "Ye Editor" will be glad to help both em-  
 ployer and employee.

A certain prominent business man at-  
 tributes much of his success to a rule adopted  
 early in his career and which he has con-  
 sistently followed. It is a rule worth remem-  
 bering. It runs: "Learn your business, not  
 merely your job."

## "GET AWAY FROM THE CROWD"

Robert Burdette, in a talk to young men,  
 said: "Get away from the crowd for awhile,  
 and think. Stand on one side and let the world  
 run by, while you get acquainted with your-  
 self and see what kind of a fellow you are."

"Ask yourself hard questions about your-  
 self. Ascertain, from original sources, if you  
 are really the manner of man you say you  
 are; and if you are always honest; if you al-  
 ways tell the square, perfect truth in business  
 details; if your life is as good and upright at  
 11 o'clock at night as it is at noon; if, in  
 short, you are really the sort of man your  
 father hopes you are and your mother believes  
 you are."

"Get on intimate terms with yourself, my  
 boy, and, believe me, every time you come  
 out of one of those private interviews you  
 will be a stronger, better, purer fellow. Don't  
 forget this, and it will do you good."

## ATTENTION SIR KNIGHTS!

At our next conclave April 18th, through the courtesy of the Great Northern Railway we will be entertained by a showing of new moving pictures of Glacier National Park which is one of the greatest points of scenic interest to be visited on the pilgrimage arranged by Eminent Sir George U. Bauer for the members and friends of Boston Commandery to attend the 39th Triennial Conclave to be held in San Francisco, California July 7th to 13th.

The pilgrimage will leave Boston Saturday, June 30th for an "All America Tour" visiting en route the glorious American Rockies, Colorado Springs, the Great Salt Lake, beautiful California, stopping at Los Angeles and at San Francisco during the Triennial Conclave; returning via the magnificent Redwood Empire, Portland Oregon, the scenic Columbia River, Seattle and then the climax of the pilgrimage is attained by spending two wonderful days in "Glacier" the gem of our National Parks, thence on to Chicago with an optional stopover privilege for those who wish to visit the Century of Progress Exposition, due back in Boston Saturday, July 21st.

There is also an optional route for those wishing to go by steamer via the Panama Canal leaving Boston Wednesday, June 20th and sailing from New York Thursday, June 21st by the SS "President Pierce" of the Dollar Line visiting en route Havana, Cristobal and Balboa to Los Angeles and joining there with the all-rail party for the balance of the pilgrimage back to Boston, over the route as described above.

George has prepared a very fine booklet giving full description and price of the pilgrimage, also showing views of some of the soul inspiring scenery to be seen along the route. If interested he will be glad to send you a copy by addressing

GEORGE U. BAUER, Suite 801, New Edison Building, 182 Tremont Street, Boston or call him by telephone, HUBbard 2487.

## "OLD TIMERS"

Here they are, fifty-four who are eligible to wear the "Thomas Smith Webb Medal" having been members of Boston Commandery for over forty years, with the exception of Sir Knight James Bean, who was knighted exactly forty years ago tonight, April 18th, 1894.

Forty-three of these Sir Knights live in Massachusetts, three live in California, two in New Hampshire, two in New Jersey, one in Providence, one in New York, one in Michigan and one in Idaho, so it is very likely that some of them will not be present to receive this slight token of appreciation from Boston Commandery.

In every pathway in the journey of life there are valleys to cross, as well as hills to scale. Don't stop in the valleys. Reach the hilltops!

## THE INSPECTION

The Inspection is now past history and our officers can once more "pursue the even tenor of their way". Our officers did very fine work and our attendance was very satisfactory. Two hundred and twenty-six in full Templar regalia were in line.

The Inspecting Officer was received in the usual way, accompanied by a large and distinguished suite. After the formal inspection of the line, the Order of the Temple was conferred. Both the tactics and rendition of the ritual were exceptionally good, not perfect, and we are glad of it, for we still have something to strive for.

So long as we are human, we can only strive to attain that which is impossible for mortal man to attain — Perfection. Once in a while, there is found a rare specimen of humanity, who imagines that he is perfect in his particular part or niche, but on close examination, we find only an ordinary mortal suffering from a too common disease called egoism. This causes an abnormal swelling of that bump at the upper end of the spine used chiefly as a hat rack, but sometimes referred to as the cranium. A fall will sometimes cause a complete cure.

Inspections are also of benefit for a person suffering from this malady, as errors show up so plainly and seem to be much worse than they really are. Annual inspections are of great value to Boston Commandery and what is of value to the Commandery is of value to each of its members.

You, as an individual member, are always on inspection. Every word and action makes an impression on someone and your character is judged by what you say and do. You are held on a certain level of public opinion by your own actions, and it is up to you as to what that level may be.

Now, suppose you have a personal inspection, a private one, and see what kind of a Knight Templar you are. See what mark you would give yourself.

Here are a few things to check up on: living the right kind of a life as a Knight Templar; attendance at Conclaves; doing your part in carrying on the work; boosting Boston Commandery to your companions; and getting Candidates for the Orders.

Whatever your mark may be, just try and do better the next time.

After listening to remarks from some of our distinguished guests, the marking officer announced that Boston Commandery mark was nine plus. Our Commander then extended his personal thanks and the thanks of the Commandery to our Sir Knights for coming out and donning their regalias for the official count. He said, "It is indeed gratifying to your Commander, and I do appreciate very much your presence here this evening".

So say we all  
 "Ye Editor."

## MARK YOUR EQUIPMENT

The Armorer suggests that Sir Knights mark all of their equipment so that it could be easily identified in case of loss or misplacement.

Frequent inquiries are made, "Have you seen or found my chapeaux?" etc. "Fred" is not a seer or a fortune teller, neither is he a mind reader. One chapeaux looks a great deal like another, so it is to your advantage to mark each article with a card, sticker, or otherwise.

Don't wait 'tli you loose something, do it now!
